Luxury Two Bedroom Penthouses with Incredible Roofterraces

Clear Blue Skies is delighted to have been selected as a collaborating agent for the sale of the brand new luxury development of Palma Real Suites situated in the heart of popular Palm Mar.

Palm-Mar is located virtually at the southern tip of Tenerife, and although only a couple of kilometres away from Los Cristianos, it feels a world apart. Whereas the other Tenerife southern resort towns of Los Cristianos and Playa de las Americas have some hustle and bustle, Palm-Mar has not only its own microclimate, but also has a feeling of peaceful culture and sophistication about it. Located on the sea front about five minutes' drive from the TF1 motorway, it is around twenty minutes from the Tenerife South airport, and ten minutes from the aforementioned resort towns and Costa Adeje. It is entirely self-sufficient in shops and quality bars and restaurants and you can find the small Spanish towns of Guaza, Las Galletas and Guargacho nearby.

This attractive new development will consist of 160 spacious 1 and 2 bedroom apartments spread over 4 separate buildings but all part of the same tranquil gated community which will feature large areas of sub-tropical gardens and a breathtaking 25 metre partially heated swimming pool. Each building has an elevator that provides direct access to the underground garage where every owner will have their own allocated private parking space and locked storage room which come included in the purchase price of the apartment.

This selection of incredible two bedroom duplex penthouse style apartments will be the most exclusive and luxurious properties on this development. They will offer a very spacious living area at around 100m² and will feature two ample double bedrooms with quality fitted wardrobes as well as terrace access and en-suite bathrooms. There will be a further guest shower room whilst the kitchens will be modern and high end and come complete with electrical appliances including washing machine and dishwasher. The living and dining area will be comfortable and bathed in natural light from the large sliding doors leading to the good size terrace.

Over and above this, these penthouse apartments will also have an incredible upper terrace of over 100m² making it the perfect place to enjoy the year round Tenerife weather and unbeatable outdoor lifestyle. Palma Real Suites offers an incredible opportunity to invest in a new construction project in a popular and highly in demand area so to avoid missing out please contact our sales team as soon as possible for more detailed information and to arrange an appointment, either in person or via videocall.
